

Have Your Say Code of Practice

Code of Practice Access to Meetings and Documents

The City of Mitcham is seeking your feedback on how it provides public access to meetings and documents.

The Code of Practice Access to Meetings and Documents has been updated that provides guidance to members of the public wanting access to Council meetings and documents.

The draft Code of Practice Access to Meetings and Documents provides for transparency and accountability by Local Government in its business and everyday operation, and this is achieved by the public having, as a matter of right, access to:

- Council and committee meetings, and
- The minutes and documents as a result of these meetings.

A copy of the draft Code is available from

www.mitchamcouncil.sa.gov.au/codeofpractice

Your feedback is invited by **5pm on Wednesday 20 March 2019** by completing an online feedback form at **www.mitchamcouncil.sa.gov.au/codeofpractice**.
